SCHEDULE OF FEES AND CHARGES 2015-2016	10

Blue Mountains City Council acknowledges that the City of the Blue Mountains is located on the traditional lands of the Darug and Gundungurra peoples.

In addition, Blue Mountains City Council recognises the unique position Aboriginal people have in the history and culture of the Blue Mountains. It is acknowledged that Aboriginal peoples in the Blue Mountains have strong and ongoing connections to their traditional lands, cultures, heritage and history. Aboriginal people are recognised as the “Traditional Owners of the land” and it is important that this unique position is incorporated into Council’s community protocols, official ceremonies and events.

Pricing Methodology for Fees and Charges

Blue Mountains City Council Pricing Policy for Fees and Charges

SERVICE ITEM	LIMITING FACTOR FOR APPLYING FEES AND CHARGES	PRICING POLICY	POLICY CODE	SERVICE ITEM CODE
Public Benefit	These services will be provided free of charge.	Public Good For services where it is impossible or impractical for the Council to exclude users who do not choose to pay	PG	PB
Community Protection & Safety	Goods and services provided in the interest of community protection or safety will be provided at a price which fully recovers all costs unless there are accepted community service obligations. Where there are such obligations, a value will be determined and will be factored in when the level of costs to be recovered are set.	Facility/Service Provision - All goods, services and facilities provided by the Council other than in the public good, entrepreneurial activities or statutory requirements	FS	CP
Community Service Obligation	Goods and services provided in the satisfaction of community service or social justice obligations will be provided at a discount relative to the estimated value of the benefit provided. The subsidy will not exceed the value of the benefit.		FS	CS
Equity Goods	Fees will be discounted to a level below the cost of the service if full cost recovery would prevent or discourage its consumption and the service is regarded as being of particular merit to the welfare and well being of the community.		FS	EG
Facility Provision	Injection of capital funds to provide a facility where no private enterprise exists. Council will endeavour to provide the facility but only to the extent that after full appraisal ALL costs will be recovered, an appropriate return on investment will be made, and Council is satisfied that its long term financial viability will not be jeopardised. Community service and social justice obligations will be recognised in the form of a subsidy and taken into account in the determination of the extent of cost recovery and the level of return on investment required.		FS	FP

SERVICE ITEM	LIMITING FACTOR FOR APPLYING FEES AND CHARGES	PRICING POLICY	POLICY CODE	SERVICE ITEM CODE
Market Advantage	Provision of a service to meet an existing need or market. Prices will generally be set to recover ALL costs and at a level at which Council is satisfied that its long term financial viability will not be jeopardised.		FS	MA
Regulatory Provision	Council may set its own fee and those fees will be set at a level to fully recover costs unless there is an accepted community service or social justice obligations. Where there are such obligations, a value will be determined and will be factored in when the level of costs to be recovered are set.		FS	RP
Statutory Requirement	Fees are set by Statute and cannot be changed.	Statutory Fees Goods and services provided under this category emanate from a requirement in legislation	SF	SR
Entrepreneurial Pursuit	Entrepreneurial activities whereby Council intentionally pursues a commercial approach to an activity with a view to make a commercially acceptable profit. In this case prices will be set to fully recover all costs and risks, and to produce an acceptable level of profit.	Entrepreneurial Activities Whereby Council intentionally pursues a commercial approach to an activity	EA	EP

Fee Waiver, Refund, Reduction Policy

Some service fees are subject to reductions, refunds or waivers including:

- Land use applications submitted by local non-profit organisations;
- Hiring of halls – cancellations and refund of bonds;
- Cemeteries – surrender of burial rights;
- Blue Mountains Leisure Centres – concessions on general fees for seniors, pensioners, veterans and students and discounts for families; and
- Libraries – fine concessions.

Fee reductions, refunds and waivers are subject to conditions as per specific service pricing policies.

Policy for Hardship

Section 610E of the Local Government Act 1993 provides that "a council may waive payment of, or reduce, an approved fee (whether expressed as an actual or a maximum amount) in a particular case if the council is satisfied that the case falls within a category of hardship or any other category in respect of which the council has determined payment should be so waived or reduced." Pursuant to section 610E of the Act, Council has adopted the following policy.

A reduction or waiver of the fee will only be permitted where the person or organisation requesting it is determined by the General Manager to fit into one or more of the following categories:

Category 1 - Significant Personal Hardship

To qualify for this category the following criteria must be met:

- a) the person must be able to demonstrate that the service or product that they require will provide them with some reasonable benefit and that this benefit is not available to them through means other than council; and
- b) the person must be able to demonstrate that their personal financial situation is such that they are unable to pay the adopted fee or charge. This may require the production of a bank statement or other documentary evidence; and
- c) in the opinion of the General Manager, a reduction or waiver of the fee is appropriate in the circumstances.

Category 2 - Non-profit Organisation with Significant Financial Hardship

To qualify for this category the following criteria must be met:

- a) the organisation must be able to demonstrate that the service or product that it requires will provide it with some reasonable benefit and that this benefit is not available to them through means other than council; and
- b) the organisation must be able to demonstrate that its financial situation is such that it is unable to pay the adopted fee or charge. This may require the production of appropriate documentary evidence; and
- c) in the opinion of the General Manager, a reduction or waiver of the fee is appropriate in the circumstances.

Category 3 - Demand Stimulation/Community Benefit

To qualify for this category the following criteria must be met:

- a) the person/organisation receiving the benefit of the service or product must be eligible to receive a subsidised or waived fee in order to provide a stimulus for the demand of the service or product; or
- b) the person/organisation receiving the benefit of the service or product must be eligible to receive a subsidised or waived fee in order to promote community (eg DA fees for works on

- Council owned land) or environmental benefits or to assist the economic well-being of the community; and
- c) in the opinion of the General Manager, a reduction or waiver of the fee is appropriate in the circumstances. In forming an opinion, the General Manager will give consideration to the level of other council support available or granted to the person/organisation.

All requests for a reduction or waiver of a fee or a charge must be made in writing. In all cases where a reduction or waiver of a fee or charge is approved, the reasons for the decision and details of the actual fee charged will be recorded by council staff on the appropriate council file. Any approval given will be on the basis of the circumstances of the individual case and will not be taken as a precedent for subsequent requests.

The Council's 'Fee Waiver / Refund / Reduction Management System Protocol' supports the assessment of applications.
